

MICRO-ACCESS/MST INTRODUCER KITS AND SETS

GALT's Micro-Access/MST Introducing Kits and Sets were precisely designed for smaller access sites. Featuring 3cm, 5cm, 7cm, and 10cm lengths with the option of half-sized configurations. Each introducer features a smooth transition, easy and secure locking system, unique wing design, and funnel-shaped lead-in.

- Full kits and introducer sheath only
- 3cm, 5cm, 7cm, and 10cm lengths
- Half-sized configurations
- All kits include a marked Nitinol guidewire
- Safety components included

Smooth transition

Tearaway introducer
available in half-sizes
